At Mercy Regional Medical Center and Acadian Medical Center, our goal is to deliver the highest quality healthcare in Evangeline, St. Landry and surrounding parishes as we seek to make our communities healthier.

– Scott Smith, CEO

At **Mercy Regional Medical Center and Acadian Medical Center**, we spent 2016 exploring ways to advance our mission of making the communities of Evangeline, St. Landry and surrounding parishes healthier. And by focusing our efforts on creating places where people choose to come for healthcare, physicians want to practice and employees want to work, our legacy of caring for our communities is stronger than ever.

Inviting the best physicians into our communities and supporting them is one of the most important drivers of our ability to offer the best possible healthcare to the region.

And while **delivering high quality patient care close to home** is the single most important contribution we make, there are many other ways we're making a positive impact in our communities.

In **creating excellent workplaces for our 531 employees**, we made **\$4,639,942 in capital improvements** in 2016, including a new MRI and cath lab, and managed and distributed an **annual payroll of \$28,656,381**.

We are proud to take a **leadership role in our communities** and are committed to delivering needed healthcare to everyone, regardless of their ability to pay. In fact, in 2016 we donated **more than \$3.46 million in healthcare services to those in need**.

We are also committed to **ensuring fiscal responsibility** – both at the hospital and in the community. In 2016, we paid a total of **\$1,294,423 in taxes**, as well as provided numerous sponsorships and donations to local organizations.

Mercy Regional Medical Center staff show off the hospital's new cath lab.

CEO Scott Smith makes a donation on behalf of MRMC and AMC to Eunice's Annual Crawfish Etouffee Cook-Off.

MRMC and AMC host BBQ lunch for area first responders in gratitude for their hard work and dedication.
